- human Hailstorm wears his hair in a teeny man bun that drives his parents insane. They used to make him wear his hair down, but decided it looked too shaggy and undignified. Since he *refuses* to cut his hair, they are forced to accept the man bun

- Winter pretends he hates memes but actually quite enjoys them

- IceWings actually hate cold food. They love cold weather and everything else cold, but dislike the idea of eating cold food. SandWings are exactly the opposite, and Winter and Qibli are currently having a war over this. Their main weapons are hot cocoa and ice cream, respectively.

- In a Jade Winglet staring contest, Winter would place last, Turtle would be fourth, Qibli third, Kinkajou second, and Moon first. Carnelian would refuse to participate in that idiocy. Peril isn't canonically the new JW SkyWing, so I left her out. Umber would win if he was there, but he's not, unfortunately.

- (human au) Jade Winglet heights, from tallest to shortest (including everyone! yay!) Umber, Peril, Carnelian, Winter, Qibli, Turtle, Kinkajou, Moon. (Turtle and Kinkajou are maybe a centimeter apart)

Clay's favorite ice cream, obviously a mudslide.

Deathbringer insists on bringing Glory ice cream covered in rainbow sprinkles, she pretends to hate it but actually loves it.

And I agree, proper IceWings definitely don't like cold food -- but maybe Winter secretly likes root beer floats?

I hesitated to post here... But now a mod has posted. So here I am.

-Winter completely hates Grumpy Cat. The others suspect that it's because he's a lot like her.
-Clay once walked around in scavenger shoes for a whole day. His talons hurt a lot afterwards.
-Peril sets fanart of her NoTPS on fire. Regularly.

# A MOD! :D

-MudWings invented Barbecue sauce
-MudWings farm rice in little rice paddies and they wear the stereotypical straw hats
-IceWings invented glasses but NightWings were like NOPE and stole the idea
-Turtle is allergic to flowers. Kinkajou found out the hard way. *cringe*
-Moon HATES Ice Cream. When Qibli discovered this fact, he screamed. Clay, who had heard it from two rooms down, thought it was Kinkajou, who is notorious for her high-pitched screams
-Kinkajou screams at random intervals

-Somewhere in the far future of the WoF world, there will be a book about scavengers, they will have computers, a website like this one and this exact thread. But obviously about the scavenger book.

*- Turtle totally loves SeaSponge SeaWing and has snuck a TV into Darkstalker's prison and binge-watches it while Darkstalker is asleep. Somehow, Darkstalker hasn't noticed.*
*- SandWings have a mating call that consist completely of high-pitched screaming. The SandWing breeding season happened a day after Darkstalker and the NightWings departed from the Rainforest, and Qibli was screaming the entire day, trying to look for a mate. So were all the other SandWings at JMA.*

-SeaWings are really bad at hiding. Their tails get in the way, they forget not to glow, and their night vision messes them up...Whenever dragonets play hide and seek, SeaWings always count.

-Darkstalker tries to use dead memes to prove he's still cool and relevant to dragonets these days.

Rainwings, if they remain camoflauged for enough time, gain magical portal powers where they can travel to different worlds and fandoms.
Some Rainwings a long time ago MAY have accidentally done this and appeared on Earth, where scavengers are the real deal.
This is the reason why there were dragon sightings once upon a time.
And this is why dragons have been said to have been defeated by heroic knights.
